Emergency Medicine eTOC bulletin for January 2021

The Library will source and supply any full text articles you are interested in.

Academic Emergency Medicine

Current issue – January 2021, Vol. 28, Iss.1 [here](#)

Online first:

- *Suicidal ideation is insensitive to suicide risk after emergency department discharge: Performance characteristics of the Columbia-Suicide Severity Rating Scale Screener*
- *Experiences of underrepresented faculty in pediatric emergency medicine*
- *Multivariable risk scores for predicting short-term outcomes for emergency department patients with unexplained syncope: A systematic review*
- *Low-dose Ketamine For Acute Pain Control in the Emergency Department: A Systematic Review and Meta-analysis*
- *Machine Learning in Emergency Medicine: Keys to Future Success*

Advanced Emergency Nursing Journal

Current issue – January – March 2021, Vol.43, Iss.1 [here](#)

Annals of Emergency Medicine

Current issue – February 2021, Vol.77, Iss.2 [here](#)

Online first:

- *The ED-AWARENESS Study: A Prospective, Observational Cohort Study of Awareness With Paralysis in Mechanically Ventilated Patients Admitted From the Emergency Department*
Predicting Progression to Septic Shock in the Emergency Department Using an Externally Generalizable Machine-Learning Algorithm

Fair Play: Application of Normalized Scoring to Emergency Department Throughput Quality Measures in a National Registry

Extraglottic Airway Device Misplacement: A Novel Classification System and Findings in Postmortem Computed Tomography

The Diagnostic Accuracy of the Emergency Department Assessment of Chest Pain (EDACS) Score: A Systematic Review and Meta-analysis

Emergency Department Utilization for Emergency Conditions During COVID-19

Archives of Disease in Childhood

Current issue – February 2021, Vol. 106, Iss.3 here

Online first:

Can fosfomycin be used for the treatment of Gram-negative urinary tract infections in children?

Opioid use in young adults

Is nasal balloon autoinflation an effective treatment for children with glue ear?

Indirect effects of the COVID-19 pandemic on paediatric healthcare use and severe disease: a retrospective national cohort study

Childhood acute respiratory illnesses: will normal inadequate services be resumed?

What is the risk of missing orbital cellulitis in children?

Should children be vaccinated against COVID-19 now?

BMJ

Current issue – 26th January -1st February 2021 here

Emergency Medicine Journal

Current issue –February 2021, Vol. 38, Iss.2 here

Online first:
Cardiac Arrest Nurse Leadership (CANLEAD) trial: a simulation-based randomised controlled trial implementation of a new cardiac arrest role to facilitate cognitive offload for medical team leaders

Effect of wrist dorsiflexion on ultrasound-guided radial artery catheterisation using dynamic needle tip positioning technique in adult patients: a randomised controlled clinical trial

Prescription of analgesia in emergency medicine (POEM) secondary analysis: an observational multicentre comparison of pain relief provided to adults and children with an isolated limb fracture and/or dislocation

Environmentally sustainable emergency medicine

Remote patient monitoring for ED discharges in the COVID-19 pandemic

E-bike and classic bicycle-related traumatic brain injuries presenting to the emergency department

SECURE: a multicentre survey of the safety of emergency care in UK emergency departments

The International Federation for Emergency Medicine report on emergency department crowding and access block: A brief summary

Implementation of the ‘TAKE STOCK’ Hot Debrief Tool in the ED: a quality improvement project

Characteristics, physiology and mortality of intubated patients in an emergency care population in sub-Saharan Africa: a prospective cohort study from Kigali, Rwanda

Prioritising intubator safety in a pandemic: the details matter

Managing the risk from children’s travel cups

Emergency Nurse

Current issue - 6th January 2021, Vol.29, Iss.1 here

European Journal of Emergency Medicine

Current issue – January 2021, Vol.28, Iss.1 here:

Online first:

Association between mean arterial pressure and survival in patients after cardiac arrest with vasopressor support

Register for a NHS England OpenAthens Account here
Journal of Emergency Nursing:

Current issue January 2021, Vol. 28, Iss.1 [here](#)

Online first:

**Perceived Care Quality Among Women Receiving Sexual Assault Nurse Examiner Care: Results From a 1-Week Postexamination Survey in a Large Multisite Prospective Study**

**Asynchronous Testing of 2 Specimen-Diversion Devices to Reduce Blood Culture Contamination: A Single-site Product Supply Quality Improvement Project**

**The Emergency Nurses Association: 50 Years of Advocacy and Advancement**

The Lancet

Current issue 30th January 2021, Vol. 397, Iss. 10272 [here](#)

New England Journal of Medicine

Current issue 28th January 2021, Vol. 384, Iss.4 [here](#)

Pediatrics:

Current issue 1st February 2021, Vol. 147, Iss.2 [here](#)
