Note: The table represents the performance of different hospitals in SSNAP (Systemic Sepsis National Audit Programme) for the period from April to July 2017. The performance is rated on a scale of A to D, with A being the best and D being the worst. The arrows indicate the direction of improvement or deterioration over time.
Option 3c: Transform regional Stroke Services – 3 Centres

- 3 Hyper Acute Stroke Units providing the first 72 hours of care:
  - Sheffield
  - Doncaster
  - Chesterfield

- Continue to provide ASU care and rehabilitation beyond 72 hours locally:
  - Sheffield
  - Doncaster
  - Chesterfield
  - Rotherham
  - Barnsley
Working Groups

Steering Group

- Quality & Workforce
- Rehabilitation
- Mimics and Repatriation
- Finance
- IT
The Working Group Ethos

Diverse
Acute, rehabilitation and community experience
Range of professionals

Proactive
Positive
Problem solving and solution focused
Set aside individual and local agendas

Patient Focused
Best pathway and approach for patients
Patient and family engagement
Working Together: How did we do it?

Key priorities

Shared purpose and patient involvement

Clear objectives and outcomes

Learning from best practice from outside the region e.g. Greater Manchester pathway

Successful Outcomes
A Shared Purpose: Rehabilitation Group

- To develop a **seamless, patient centred** and **time critical** stroke rehabilitation pathway for all South Yorkshire Stroke Patients from arrival on the Hyper Acute Stroke Unit to discharge.
- To foster a **collaborative, regional approach** to rehabilitation that transcends organisational and geographical boundaries.
- To ensure that patients and their families receive **high quality care** based on **best practice** which meets their health and social care needs.
- To ensure that care is delivered using a **specialist, integrated approach** at the **right time** and in the **right place** resulting in the achievement of **person centred goals**.
- To ensure that patients and their families are supported to **rebuild their lives** and adjust to living with stroke as independently as they can.
Outcomes

- Transfer of care
- Standardisation (e.g., assessment tools)
- Enhanced understanding of challenges ahead
- Directory of Services
- Competency Frameworks
- Workforce Review
- Workforce Strategy
- Benchmarking against RCP Guidelines
Future Visions

Regional Patient Information

Joint posts and rotation of staff

Regional Documentation

Regional Forum for training and service development

Regional policies
Wider Benefits

**Sharing**
- Collaboration and co-production
- Partnership working
- Celebrating and valuing diversity

**Standardising**
- Best Practice and learning from each other
- Collaboration
- Increasing Quality to benefit patients

**Working Together**
- Breaking down barriers
- Building relationships and networking
- Sharing Goals and aspirations
Coming together is a BEGINNING
Keeping together is PROGRESS
Working together is SUCCESS
