

## **Re: Your request made under the Freedom of Information Act 2000**

I am writing to you today to make a freedom of information (FOI) request (under the Freedom of Information Act 2000) to request the following information (see bullet points) to aid a new research project. My colleagues and I are medical students working under Dr Daniel Pan, a NIHR academic clinical fellow in infectious diseases at University Hospitals Leicester NHS Foundation Trust. We are currently running a study examining Covid 19 guidelines in different NHS hospital trusts. Could you please reply to this email attaching a copy of your hospital's full local guidelines on the following topics.

- Current local guidelines for the treatment and management of Covid 19.

[We have adopted national guidelines in the first instance and are in the process of developing a local SOP.](#)

- Current local infection control guidelines regarding testing and quarantining/isolation of Covid positive patients
